Mounted on a 268 x 270 sheet
(available in all colors)

Portland Cliff™: Where Innovation Meets Authenticity

Aesthetically versatile, Portland Cliff™ brings a harmonious balance of form and function to both **residential and commercial interiors**. Its soft, **organic texture and neutral color palette** create a serene atmosphere, making it ideal for spa-like bathrooms, sophisticated kitchens, elegant lobbies, and refined hospitality spaces.

Features and Benefits

- Portland Cliff™ blends timeless stone aesthetics with modern performance. Its **soft texture, calming neutrals**, and subtle veining evoke the refined character of Portland stone—an iconic Jurassic limestone from the Isle of Portland, UK.
- With Crossville's innovative **Visual Touch Technology™ glazing**, Portland Cliff offers a uniquely tactile surface that bridges beauty and touch.
- Available in **five neutral colors, two field tile sizes** (12x24 and 24x48), and **two finishes**—UPS for interiors and EXT for seamless indoor-outdoor transitions—this collection is designed for versatility. **Coordinating trim** and two mosaics, including a **new barrel mosaic**, complete the offering.
- Portland Cliff elevates interiors with **understated elegance and enduring style**—a perfect blend of heritage, innovation, and modern livability.

Wet Dynamic Coefficient of Friction Range

UPS	0.42 - 0.52	ANSI A326.3
EXT	0.60 - 0.70	ANSI A326.3

Shade & Texture Index

Portland Cliff has a shade variation of V3.

V1 Uniform appearance
V2 Slight Variation
V3 Moderate Variation
V4 Substantial Variation

This porcelain tile product is produced with a V3 variation. Expect that the amount of color and texture on each piece may vary significantly. Inspect the product upon delivery and for best results, blend tile from several cartons during installation.

Recommended Use

Portland Cliff™ is recommended for interior floors dry, interior walls, countertops, exterior walls, pool waterlines and full linings† in both residential and commercial applications. Portland Cliff is not recommended for exterior horizontal surfaces or exterior paving. See Crossville.com for detailed installation instructions.

† Excludes mesh mounted mosaics.

Care and Maintenance

Regular cleaning is the best way to keep Portland Cliff tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville products is available at Crossville.com.

Wet area use for Mosaics

Crossville® produces the Portland Cliff 2x4 Stacked Mosaic and Barrel Mosaics with the UPS finish. The ANSI A326.3 wet Dynamic COF of Portland Cliff is ≥ 0.42 . Their small sizes ensure frequent grout joints which provides traction and drainage. Crossville cannot control situations involving incorrect installation, improper slope to the drain for elimination of standing water and poor surface cleaning.

This information is provided so that customers may make a realistic and informed decision when comparing Portland Cliff to other tile products in wet area environment, such as residential/commercial bathrooms, showers, and interior pool decks.

Our Warranty

Crossville guarantees that its products will meet or exceed the performance specifications outlined in ANSI A137.1 and in the performance data section of the Crossville general product catalog. For complete details check our website at Crossville.com.
